

Camping mat series

【 Shut out the cold and moisture by super thickness 】

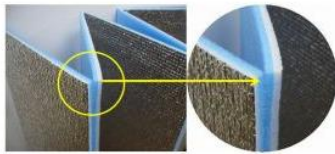

<Ultra 15>

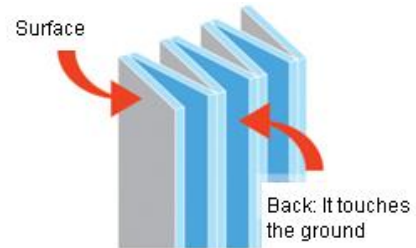

Comparison with our 8mm type
The thickness is a marvelous

Shut out the cold and moisture from ground.
You are not anxious about the
irregularity of ground at all either.

It is possible to fold smoothly by
putting the incision in an alternate
inside and outside by our original
industrial method.

Surface never touches

Folding type is
easy to store.
